

## Description

- ⊙ Motor drive & Striker Mechanism fire alarm bell
- ⊙ Used in Fire or Burglar Alarm Systems
- ⊙ 10mA Low current consumption with high DB output
- ⊙ Weather-proof base design
- ⊙ Gong Material : Aluminum Alloy
- ⊙ Base Material : Fireproofing ABS, red color
- ⊙ Size of Gong with 6, 8, 10 inch optional
- ⊙ Simple installation via terminals of screw for fixing wires
- ⊙ Customized company name and logo available

## Specification

- ⊙ Standard Voltage(VDC) : 24VDC (12VDC or 220VAC available if required)
- ⊙ Standard Current(mA) : 10
- ⊙ Voltage Range(VDC) : 15-30
- ⊙ Sound Output dB @ 1m (Max) : 103
- ⊙ Operation Temperature : -10c~+50c
- ⊙ Operating Humidity(RH) : ≤95%
