

Description

- ⊙ Motor drive & Striker Mechanism fire alarm bell
- ⊙ Used in Fire or Burglar Alarm Systems
- ⊙ 24VDC Two UL listed wires with polarity
- ⊙ 25mA Low current consumption with high DB output
- ⊙ Weather-proof base design
- ⊙ Gong Material : Stainless Steel Alloy
- ⊙ Size of Gong with 6, 8,10 inch optional
- ⊙ Customized company name and logo available

Specification

- ⊙ Standard Voltage(VDC) : 24VDC (12VDC or 220VAC available if required)
- ⊙ Standard Current(mA) : 25
- ⊙ Voltage Range(VDC) : 15-30
- ⊙ Sound Output dB @ 1m (Max) : 102
- ⊙ Operation Temperature : -10c~+50c
- ⊙ Operating Humidity(RH) : ≤95%
