

## SMOKE DETECTOR

## FSH64-2

## Technical Parameter

Operating Voltage : DC9~35V

Standby Current : 55uA

Alarm Current : 22mA@DC12V, 40mA@DC24V

 Detecting Area: 80 square meter(with the installation height of 6m-12m), and 60 square meter (with the installation height less than 6m)

Alarm Output : Conventional alarm output & LED flash

Smoke Alarm Density: 2.06%ft

Installation Method : Ceiling Mounted

Operating Temperature : -10C ~ +55C

Operating Humidity : ≤95%RH

Dimensions: 100mm(Dia)x48mm(H)
